**INFORMATION IMPORTANTE**

**Announcement of the liquidation of the Sebbin Group**

Dear Partners,

The Pontoise Court in France has placed on Monday 3 March 2025 GROUPE SEBBIN in judicial liquidation proceedings.

The main shareholder of GROUPE SEBBIN was, since February 2024, GROUPE SYMATESE. As soon as the takeover was done, the Symatase Group and the Sebbin teams implemented a recovery plan to make the company viable. However, the difficulties proved to be more significant than initially anticipated, aggravated by a significant drop-in activity linked to the loss of confidence of many customers and this has irreversibly weighed on the profitability of GROUPE SEBBIN whose return to operating breakeven will prove impossible in the coming years.

This decision is following months of searching for alternative solutions.

The liquidation will be carried out in accordance with the current legislation in France and under the supervision of the competent authorities. We have initiated the necessary steps to ensure that our activities are closed in accordance with our obligations to our creditors, employees and partners.

This means that as of today, no product can be shipped or invoiced from GROUPE SEBBIN, while the products you have on the market and in stock can be used in your country.

We understand that the announcement of the liquidation raises concerns, for which we will quickly send you a document answering your main questions. If you would like more information about the liquidation, please contact Maître Aymeric Mandin, SEARL MML, 23 rue Victor Hugo, 95300 Pontoise, Email : [pontoise@mmj.work](mailto:pontoise@mmj.work) Telephone hotline +33130734455

We would like to sincerely thank you and all of our employees as well as the health care professionals for your cooperation and support over the years. This decision was not easy to make, but unfortunately it has become inevitable.

Together, we have travelled a path marked by many exchanges, a journey that will remain engraved in our memories. We wish you to fully realize your professional projects in the future.

Sincerely,

Patrick Lichtlé  
Deputy General Manager  
GROUPE SEBBIN
